| System Alignment | Examine opportunities with local funding to expand flexibility in paying for services that respond to community, stakeholder, and population input listed in this survey. | 1. Flexible Funding household support is incorporated into housing program reimbursement/guidelines. | County/COV | End 2019 & Annual |
| | | 2019 | <ul style="list-style-type: none"> • Clark County July 1, 2019 Housing Program contracts included flexible funding. • Local housing agencies are increasing fundraising related to flexible funding (e.g. Impact NW, Janus Youth). • VHA provided flexible funding to support TBRA households with non-reimbursable needs per HOME rules. | |
| | | 2020 | <ul style="list-style-type: none"> • CFTH is working with Share, Sea Mar-CSNW to incorporate Pathways into RRH and Diversion programs, therefore increasing opportunity for flexible funds. | |
| | | 2021 | <ul style="list-style-type: none"> • CFTH Outreach coordinates outreach efforts for all County-funded agencies. Flexible Funding is in Outreach’s contract, and it pays for services that respond to client needs that move them toward housing. | |
| | | 2022 | <ul style="list-style-type: none"> • CFTH applied for and received the Anchor Community Initiative Grant that funded Homeless Prevention and Diversion Fund for youth aged 12-24 using the diversion approach for one-time financial assistance. It also funded the Youth Diversion Infrastructure Project, which is also flexible one-time assistance for youth aged 12-24. • CFTH Outreach continued coordination of outreach efforts for all County-funded agencies. Flexible Funding remained in Outreach’s contract and paid for services that respond to client needs that move them toward housing. | |
| | | 2023 | <ul style="list-style-type: none"> • The HCRS received additional Youth Demonstration Project Centralized funding | |

| System Alignment | Increase the outreach effort related to the annual Point in Time Count. | 1. Provide a formal volunteer engagement and training series to increase community involvement with the Point in Time Count (PIT). | CFTH | Annual |
| | 2019/2020 | <ul style="list-style-type: none"> A coordinating task group was created to help plan for the PIT Count through the Coalition of Service Providers. A formal press release and social media blast requested community involvement with the PIT Count. Two formal volunteer engagement opportunities were offered resulting in over 30 volunteers and four new PIT Count Outreach teams. An animal veterinary clinic at the Day Center was added to the Project Homeless Connect list of ways to be counted for the PIT Count. | | |
| | 2020/2021 | <ul style="list-style-type: none"> Unsheltered PIT Count modified due to COVID-19 restrictions, but existing partnerships with Outreach teams were utilized to get basic needs supplies to unsheltered homeless population. One of the severe weather nightly shelters open for the PIT Count night in order to count more individuals in the community. Creation of Coordinated Outreach to better align the system's efforts for future Point in Time Counts. | | |
| | 2021/2022 | <ul style="list-style-type: none"> Held full PIT Count in Feb. 2022, with approval from HUD. It was delayed one month due to Omicron Variant COVID-19 Surge. Scaled-down Project Homeless Connect was held with most critical services delivered. One of the severe weather nightly shelters opened for the PIT Count night in order to count more individuals in the community. Coordinated Outreach continued to better align the system's efforts for future Point in Time Counts. | | |
| | 2023 | <ul style="list-style-type: none"> Improved use of Counting Us app for PIT Count. Project Homeless Connect attendance went back to pre-pandemic levels. | | |
| System Alignment | Continue to work with partners to streamline data collection and data-sharing efforts. | <ol style="list-style-type: none"> Create a data-sharing agreement with at least one system of care partner. Identify people in common who are high utilizers of services to collaboratively address housing needs. | CFTH/Data Partners | End 2019 |
| | 2019 (1) | <ul style="list-style-type: none"> CFTH worked with Providence CORE to explore data-sharing options. State law continues to be a barrier to data sharing because explicit release needs to exist in order to share disaggregated information. Pathways (a physical health evidence-based practice model) will begin utilizing Homeless Management Information System (HMIS) to check for assessments in 2020. | | |
| | 2019 (2) | <ul style="list-style-type: none"> A By Name List for people who are chronically homeless was created in HMIS. PeaceHealth, Molina Care Coordinators, CFTH and other housing program providers have developed formal relationships to collaborate in order to more effectively meet the needs of high service utilizers. | | |
